# WHY MENTORSHIP & LEGENDARY IAS MENTOR

"If you cannot see where you are going, ask someone who has been there before."

*J. Loren Norris*

The very root of the institution began with the fact that there was a lack of proper mentoring facilities in the country.

Clearing the civil service exam is not a strenuous task anymore provided there is a mentor by your side guiding you towards your goal. Here at IAS Mentor, we have grouped together a team of eminent mentors with an unmatched, encompassing and purely novel approach for creating outstanding results.

Personal Mentorship holds the crux of our learning philosophy. Each and every aspirant who joins our programme will learn under a personal mentor with whom they can interact at any time.

These highly experienced mentors will clear their doubts regarding subjects and exam, create personalized study plans, monitor their daily studies through Q&A sessions, and motivates them. In addition to their academics, our mentors make sure that their psychological health is intact during the course period. We ensure that each aspirant becomes the best.
